do does not specify any period for which the approval accorded therein will be valid. The orders in that para are of a general nature. On the analogy of the orders in Govt Memo. No. 30271/50-2-E2 Health dt 27.9.50, the Continuance by the S. Kanara Dt Bd of the Scheme during 1949-50 without further sanction and its application for a grant seem to be in order. There seems to be no objection to sanction the grant applied for.

Subject to orders, the draft order overleaf is for appl. Finance may see for acceptance

The note on pages 1-2 above may be perused.

In Govt. Memorandum No. 30271/50, Health dated 27-9-50 it has been ordered that for anti-mosquito and anti-filarious measures approved by Govt. without specifying any period of sanction, fresh approval of Govt. for continuance of the scheme year after year will not be necessary, provided that the estimated cost of the scheme orginally approved is not exceeded. On the analogy of the above memo, Health now propose to pay the South Kanara Dt. Board, 1/3 grant for the year 1949-50 for working the antimalarial scheme in that year in Kollur village.

Submitted that when the D.P.H. recommended the introduction of the scheme for this village, he had observed that no permanent measures are necessary in view of the high costs and the Board of Revenue also recommended that the scheme be tried for one year in the first instance. G.O. 2586 P.H. dated 29-7-48 also approved the scheme only as a temporary measure. However, in view of the

ADDITIONAL DEPUTY SECRETARY 25 JAN 1951 676 FINANCE DEPARTMENT

recommendation of the D.P.H. Finance need not object to the payment of a grant for the year 1949-50 also as R. The ~~the amount worked is small and the order may be accepted~~ subject to the D.P.H. being asked to say how long the temporary measures shd be continued in the village. Subject to the above remark, the draft order may be accepted.
